

Boosting with LinkedIn

How to Reach the People who Matter Most with your Content

What can I Boost?

Boost your **Page** post

Boost a post from your **Profile**

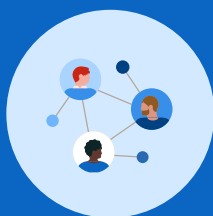

Boost **your event**

What is Boosting?

Boosting is a simple way to turn your existing posts into paid promotions that increase visibility and engagement.

Get more reach from the content already working for you.

Find the right audience using LinkedIn's professional targeting.

Build credibility with content that showcases your expertise.

Who is boosting for?

- ✓ **Small and Medium Businesses (SMBs) & Solopreneurs:** Reach new customers.
- ✓ **Founders & Startups:** Promote launches and milestones
- ✓ **Creators & Thought Leaders:** Grow influence
- ✓ **Event Marketers:** Drive event awareness
- ✓ **Marketers & PR Teams:** Amplify campaigns
- ✓ **Recruiters & Talent Teams:** Boost employer brand & job posts
- ✓ **Sales Professionals:** Warm up prospects
- ✓ **Nonprofits:** Increase visibility for programs or campaigns

Why boost?

- Expand your reach and attract new followers
- Promote products, events, and key announcements
- Launch quick campaigns — no ad expertise required
- Reach new audiences using LinkedIn's professional targeting
- Drive traffic to your website or landing page

Who can boost?

- All page admins can boost from their LinkedIn page. Boosting from your profile is currently in beta and available to a limited number of members, with access gradually expanding.

Boosting Tips for Better Performance

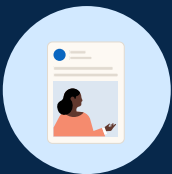

Follow these steps to get the best results from your Boosts.

Choose a post that performs well organically

Boost clear, engaging posts that already show momentum.

#1

Use clear visuals and concise copy

Strong visuals and simple messaging perform best.

#2

Match your objective to your goal

Select the objective (impressions, website visits, video views) that fits your desired outcome.

#3

Aim for an audience size of 50–500k

This range provides the best mix of relevance and scale.

#4

Give your boost enough time to learn

Budget at least \$25 and run for 3+ days so the system can start learning.

#5

For stronger results, run for 1-2 weeks

Longer durations help the system fully optimize delivery.

#6

Page vs Boosting vs Campaign Manager

Feature	Boost a Page Post	Boost your Personal Post	Campaign Manager
Objectives	Brand Awareness Engagement Video Views Website Visits Lead Generation	Brand Awareness Engagement Video Views Website Visits	Brand Awareness Engagement Website visits Video views Lead generation Website conversions Job applicants
